

## Adicet Bio, Inc. Announces Proposed Public Offering of Common Stock

September 21, 2020

MENLO PARK, Calif. and BOSTON, Sept. 21, 2020 (GLOBE NEWSWIRE) -- Adicet Bio, Inc. ("Adicet") (Nasdaq: ACET), a biotechnology company discovering and developing allogeneic gamma delta T cell therapies for cancer and other diseases, today announced that it has commenced an underwritten public offering of 4,500,000 shares of its common stock. Adicet also intends to grant the underwriters a 30-day option to purchase up to an additional 675,000 shares of common stock at the public offering price, less underwriting discounts and commissions. All of the shares in the proposed offering are to be sold by Adicet. The offering is subject to market and other conditions, and there can be no assurance as to whether or when the offering may be completed, or as to the actual size or terms of the offering.

BofA Securities, Jefferies and SVB Leerink are acting as joint book-running managers for the proposed offering. Wedbush PacGrow is acting as lead manager for the proposed offering.

The shares are being offered by Adicet pursuant to a shelf registration statement that was previously filed with, and subsequently declared effective on February 12, 2019 by, the U.S. Securities and Exchange Commission (SEC). A preliminary prospectus supplement relating to and describing the terms of the offering will be filed with the SEC and will be available on the SEC's website at [www.sec.gov](http://www.sec.gov). Copies of the preliminary prospectus supplement and the accompanying prospectus relating to these securities may be obtained, when available, from:

### Forward-Looking Statements

This press release contains "forward-looking statements" of Adicet within the meaning of the Private Securities Litigation Reform Act of 1995, including without limitation, statements related to the anticipated public offering of shares. These forward-looking statements include, but are not limited to, those relating to Adicet expectations regarding the completion, timing and size of the public offering, and its expectations with respect to granting the underwriters a 30-day option to purchase additional shares. Any forward-looking statements in this press release are based on management's current expectations and beliefs of future events, and are subject to a number of risks and uncertainties that could cause actual results to differ materially and adversely from those set forth in or implied by such forward-looking statements. These risks and uncertainties related to completion of the proposed public offering on the anticipated terms, or at all, include, but are not limited to, market conditions and the satisfaction of customary closing conditions related to the proposed public offering. For a discussion of these and other risks and uncertainties, and other important factors, any of which could cause Adicet's actual results to differ from those contained in the forward-looking statements, see the section entitled "Risk Factors" in Adicet's most recent annual report on Form 10-K filed on March 12, 2020 and our period reports on Form 10-Q and Form 8-K filed with the SEC, as well as discussions of potential risks, uncertainties, and other important factors in Adicet's other filings with the SEC, including those contained or incorporated by reference in the preliminary prospectus supplement related to the proposed public offering to be filed with the SEC. All information in this press release is as of the date of the release, and Adicet undertakes no duty to update this information unless required by law.
